Handy Flo 420/XB7 and DF 420

Safety Data Sheet

# 1. Product and Company Identification

\_\_\_\_\_

Manufacturer

-----

Lucas-Milhaupt, Inc.

5656 South Pennsylvania Avenue

Cudahy, WI 53110 USA Telephone: 414-769-6000 www.lucasmilhaupt.com

Emergency Phone Number

\_\_\_\_\_

CHEMTREC Within the USA and Canada: 1-800-424-9300 CHEMTREC Outside USA and Canada: +1 703-741-5970

SDS Number: 263 Product Codes:83-420

Product Use(s): Binder for metal joining processes

# 2. Hazards Identification

-----

Classification(s)

\_\_\_\_\_

Specific Target Organ Toxicity, Repeated Exposure: Hazard

Category 2

Label Symbol(s): Health Hazard

Label Signal Word(s): Warning

Label Hazard Statement(s)

\_\_\_\_\_

May cause damage to kidneys through prolonged or repeated exposure.

Label Precautionary Statement(s)

-----

Do not breathe mist or vapors.

Get medical advice/attention if you feel unwell.

Dispose of contents/container in accordance with applicable regulations. The acute toxicities of 45-60% of the product's ingredients are unknown.

#### 3. Composition/Information on Ingredients

-----

Ingredient CAS Number % Impurities
-----Ethylene glycol 107-21-1 40-55 None known

# 4. First Aid Measures

\_\_\_\_\_

Eyes

\_\_\_\_

Flush affected areas with water for at least 15 minutes. Seek medical assistance if necessary.

Skin

\_\_\_\_

Remove contaminated clothing. Wash affected area with large quantities of water for at least five minutes. Seek medical attention if necessary. Launder or dry-clean clothing before reuse.

#### Ingestion

-----

Do not induce vomiting unless directed by competent medical authority. If the subject is unconscious, seek immediate medical assistance. Do not attempt to give anything by mouth to an unconscious or convulsive person.

#### Inhalation

-----

If signs and symptoms of toxicity are observed, remove subject from area, administer oxygen, and seek medical attention. Keep the subject warm and at rest. Perform artificial respiration if breathing has stopped.

Note to Physician or Poison Control Center

-----

The component ethylene glycol may be harmful by ingestion. There is no specific antidote. Treat symptomatically. No components are absorbed through the skin, although prolonged skin contact may cause irritation.

### 5. Fire Fighting Measures

\_\_\_\_\_

Extinguishing Media

-----

Use water, dry chemical, foam, or carbon dioxide.

Fire and Explosion Hazards

-----

This product is non-flammable and non-explosive. If it is present in a fire or explosion, however, potential decomposition byproducts may include carbon monoxide, smoke, and irritant gases.

Fire Fighting Instructions

-----

If fighting a fire in which this product is present, wear a self-contained breathing apparatus with full-facepiece operated in pressure-demand or other positive pressure mode.

# 6. Accidental Release Measures

-----

Methods and Materials

\_\_\_\_\_

Isolate spilled product and transfer to impervious containers.

Personal Precautions

\_\_\_\_\_

Avoid contact with skin, eyes, and mucous membranes. Wear appropriate protective equipment (e.g., gloves, chemical goggles) during cleanup.

Environmental Precautions

-----

Prevent spills from entering sewers or contaminating soil.

7. Handling and Storage

-----

Handling Precautions

\_\_\_\_\_

Avoid contact with skin and clothing, using protective equipment as needed.

### Work and Hygiene Practices

-----

To prevent ingestion following use of the product, wash hands and face before eating, drinking, applying cosmetics, or using tobacco. Remove contaminated clothing or protective equipment before entering eating/drinking areas.

### Storage Precautions

-----

Store in a cool place away from incompatible materials (see Section #10).

### 8. Exposure Controls and Personal Protection

-----

Ingredients - Exposure Limits

\_\_\_\_\_

Ethylene glycol

ACGIH TLV: 100 mg/m3 "Ceiling" (aerosol) No OSHA PEL(s)

Ingredients - Biological Limits

\_\_\_\_\_

Ethylene glycol

No ACGIH BEI(s) or other biological limit(s)

### Engineering Controls

\_\_\_\_\_

Use dilution or local exhaust ventilation adequate to maintain concentrations of all components and their byproducts to within their applicable standards.

#### Eye/Face Protection

-----

Wear eye protection adequate to prevent eye contact with the product and injury if the product is used with a flame. Plastic-frame spectacles with side shields are recommended.

#### Skin Protection

-----

Wear protective gloves and clothing to prevent skin injuries if the product is used with a flame and/or for prolonged contact with the product. Avoid flammable fabrics.

#### Respiratory Protection

-----

If an exposure level to a component(s) exceeds an applicable standard, use a NIOSH-approved respirator having a configuration (facepiece, filter media, assigned protection factor, etc.) effective for the concentration of the component(s) generated. For guidance on selection and use of respirators, consult American National Standard Z88.2 (ANSI, New York, NY 1003, USA).

#### 9. Physical and Chemical Properties

-----

Appearance: viscous liquid

Odor: faint

Odor threshold: not determined

pH: not determined

Melting point: not applicable Freezing point: <32F/OC. Boiling point: >212F./100C. Boiling range: not determined Flash Point: >232F./111C.

Autoignition Point: >748F./398C.

Flammability Class: IIIB

Lower/Upper Explosive Limits: not determined

Evaporation Rate: not determined Vapor pressure: <0.1 mm Hg @ 20C. Vapor density: not determined

Relative density (H2O): approx. 1.06

Solubility (H2O): soluble

Oil-water partition coefficient: not determined

Decomposition temperature: not determined

Viscosity: not determined

### 10. Stability and Reactivity

-----

Reactivity: none reasonably foreseeable

Stability: stable

Hazardous Polymerization: will not occur

Risk of Dangerous Reactions: some components of the product may decompose at

elevated temperatures.

Incompatible Materials

\_\_\_\_\_

Strong oxidizing agents; strong acids; strong alkalis.

Hazardous Decomposition Products

-----

Carbon monoxide, smoke, and irritant gases.

### 11. Toxicological Information

\_\_\_\_\_

This product has not been tested for toxicology by the manufacturer.

Ingredients - Toxicological Data

\_\_\_\_\_

Ethylene glycol

LD50: >2,000 mg/kg (oral/rat) LC50: No data available

Primary Routes(s) of Entry

-----

Ingestion; inhalation.

Eye Hazards

\_\_\_\_\_

Eye contact may cause irritation.

Skin Hazards

\_\_\_\_\_

Prolonged contact can produce dermal irritation.

Ingestion Hazards

-----

Some components of this product are potentially harmful if ingested, and ingestion may cause one or more of the following symptoms and effects: nausea, vomiting, gastrointestinal irritation, cramps, convulsions, and damage to the central nervous system and kidneys.

Inhalation Hazards

-----

Inhalation of toxicologically-significant quantities of the components is unlikely when the product is used in accordance with instructions and specified protective measures (see Section #8). If the product is heated to

elevated temperatures, vapors or mists of the component ethylene glycol may irritate the nose, throat, and upper respiratory system.

#### Symptoms Related to Overexposure

\_\_\_\_\_

Pre-existing pulmonary diseases (e.g., bronchitis, asthma) may be aggravated by inhalation overexposure.

# Delayed Effects from Long Term Overexposure

\_\_\_\_\_

Ingestion may aggravate pre-existing conditions of the kidneys and gastrointestinal system.

#### Carcinogenicity

-----

The product contains no chemicals classified as potential or demonstrated carcinogens by IARC, NTP, or OSHA.

#### Germ Cell Mutagenicity

\_\_\_\_\_

The product contains no chemicals determined to be germ cell mutagens.

#### Reproductive Effects

-----

In experimental animal studies, adverse reproductive effects have been reported in rats and mice following ingestion of ethylene glycol. Ingestion is an unlikely mode of occupational exposure, and adverse reproductive effects in humans from ethylene glycol have not been established.

#### Acute Toxicity Estimates

-----

LD50 (oral) >2,000 mg/kg

LD50 (dermal): no data available

LC50: no data available

Interactive Effects of Components: no data available

# 12. Ecological Information

\_\_\_\_\_

No ecological data is available for the product. Ecological data for the components is as follows:

#### Ethylene glycol

Tenyrene gryeer

Aquatic Toxicity to Fish: LC50 = >10,000 mg/l. for 2 d. (Freshwater fish) Aquatic Toxicity to Invertebrates: EC50 > 20,000 mg/l. for 1 d. (Crustacea) Aquatic Toxicity to Microorganisms: EC50 = 5,000 mg/l. for 1 d. (Protozoa) Toxicity to Terrestrial Plants: LC50 = 5,500 mg/l. for 1 d. (Tomatensamen) No data available for Aquatic Toxicity to Plants, Toxicity to Terrestrial Organisms, Persistence and Degradability, Bioaccumulation Potential, or Mobility in Soil.

Ozone Depletion Potential: This product contains no ingredients listed in the Annexes to the Montréal Protocol on Substances that Deplete the Ozone Layer.

#### 13. Disposal Considerations

-----

Do not discharge waste product into sanitary or storm sewers or allow it to contaminate soil. Consult applicable Federal, State/Provincial, and local regulations.

### 14. Transport Information

-----

Transport is not regulated by USDOT, TDG (Canada), IATA, or IMO.

# 15. Regulatory Information

-----

United States Regulatory Information

-----

All components of this product are listed on the EPA's TSCA inventory.

SARA Hazard Classes: Acute Health Hazard; Chronic Health Hazard

#### SARA Section 313 Notification

-----

This product contains these ingredient(s) in concentrations >1% (>0.1% for carcinogens) regulated under Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 or 40 CFR 372:

1. Ethylene glycol (CASRN 107-21-1)

# Canadian Regulatory Information

\_\_\_\_\_

All components of this product are listed on either the Domestic Substances List (DSL) or the Nondomestic Substances List (NDSL).

WHMIS Class(es) and Division(s): D2A, D2B Component on Ingredients Disclosure List: Ethylene glycol (CASRN 107-21-1)

This product has been classified according to the hazard criteria of the CPR and this SDS contains all of the information required by the CPR.

#### 16. Other Information

-----

HMIS Ratings (Legend)

TT 7.1

Health - 1\* (slight chronic hazard)
Flammability - 0 (minimal hazard)
Physical Hazard - 0 (minimal hazard)
PPE - see Note

Note: Lucas-Milhaupt, Inc. recommends use of protective eyewear and gloves (Personal Protection Index "B") as standard PPE. HMIS recommends that its ratings be used only in conjunction with a fully implemented HMIS program, and that specific PPE codes be created by the user, who is familiar with the actual conditions under which the product is used. We cannot anticipate every condition of the product's use, and it is the user's responsibility to evaluate the hazards pertinent to its specific operations, and to determine the specific PPE required.

#### NFPA Ratings for Product

-----

Health - 1 Flammability - 0 Reactivity - 0

Preparation Information

-----

Date of Preparation:

Date of Prior SDS: 20 July 2009
